RETIREMENT ACTIVITIES (circle all that apply):

Non-Surgical Clinical Practice Research Teaching Academic Leadership

Society Leadership Travel Arts/Crafts Machinery

Other playing club penguin

I am interested in contributing my data to a longitudinal database of physician performance: Yes No

I would be interested in tracking my own performance relative to a larger database year after year: Yes No

If testing was reliable and confidential, would you utilize testing to assess your own skills and judgment over time?  
Yes No

Do you believe that there is any ethical obligation to have surgeons' skills and judgment tested in order to protect the public?  
Yes No
